16 January 2024

Dear Parents/Guardians of P6 Students

## **P6 School-Based Assessments (SBA) for Terms 1 and 2**

Assessment is an integral part of the learning process and serves several purposes. In SLPS, we aim to improve student learning, increase student motivation in learning, and provide feedback to parents about their children's progress in achieving learning outcomes outlined in our curricular documents. It identifies their strengths and learning gaps so that students can take ownership of their learning by focusing on meaningful feedback for improving content knowledge mastery, and developing core skills, learning habits and values.

With the removal of the Mid-Year Examination (MYE) for all primary levels since 2023, we have reviewed the school-based assessments and adjusted the assessment weighting accordingly. This is part of on-going efforts to inculcate joy of learning in our students, and to move away from an over-emphasis in academic grades. The SBA are bite-sized in nature and the assessment info will be used by teachers to better support students in their learning progress. You may wish to note that the schedule and details of the P6 Preliminary Examination will be disseminated at a later date.

Please refer to the SBA schedule and details for Terms 1 and 2 in Annex A.

To uphold fairness, consistency and discipline of the SBA, please take note of the following:

- Students must **be punctual** for all School-Based Assessment papers. They will not be given extra time if they are late without valid reason(s).
- Absence from any SBA **must** be supported by valid medical certificates from certified medical practitioners.

*\* For further details, please refer to the 'Student Handbook 2024' pages 16-17*

If you have further queries, please feel free to contact your child's/ward's Form Teacher.

Thank you for your continued support in your child's/ward's learning.

Mr Koe Ee Tiong  
Principal
